# Highlights

### Dentist-developed gel

Our innovative gel contains molecules that whiten teeth from the inside and remove years of intrinsic stain build up from wine, coffee and tobacco. Clinically proven to whiten up to 5 shades. First results in as little as 3 days. Full results after 9 days.

### Little-to-no sensitivity\*

Our dentist-developed gel formula is backed by expertise, and proven safe on enamel and gentle on teeth\*. User trials and testing participants report little or no sensitivity.

### Patients mold trays at home for a perfect fit\*\*

97% of participants agreed Philips Sonicare Teeth Whitening kit is easy to use. Trays mold easily\*\*\* so patients can personalize them, with no labor needed on your part. Trays can be reused and are easily cleaned with water.
