- Audio-in for easy connection to almost any electronic device
- Easy playback from MicroSD Card

PHILIPS

wireless portable speaker
Bluetooth® Built-in microphone for calls, Rechargeable battery, Black

BT40BK/94

Highlights

Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

MicroSD card

Simply load the card with the desired content, plug it into your player – and never have to worry about running out of entertainment choices again.

Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

Audio-in

Audio-in for easy connection to almost any electronic device

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.

Comes with a strap

Comes with a strap for you to carry around
