- Product dimensions (W x H x D): 180 x 100 x 200 mm
- Weight: 1.3 kg
- Packaging dimensions (W x H x D): 250 x 142 x 197 mm
- Weight incl. Packaging: 1.59 kg

Highlights

CD playback and wake-up track

Wake up to your favourite CD music. Simply place your desired CD in the CD player of your Philips audio system and set the alarm to wake you with CD music. When the wake-up time is reached, your Philips audio system will automatically begin playing that CD.

Dual alarm time

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other to wake up your partner.

MW/FM tuner

MW/FM tuner

Wake up to CD, radio or buzzer

Wake up to CD, radio tune or a buzzer

Easy alarm/time set

Easy alarm/time set

Sleep Timer

Sleep timer lets you decide how long you want to listen to music, or a radio station of your choice, before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch to a power-efficient and silent stand-by mode. Sleep Timer lets you fall asleep to your favourite CD or radio DJ without counting sheep, or worrying about wasting electricity.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.
