## 2 Notice

Any changes or modifications made to this device that are not expressly approved by Philips Consumer Lifestyle may void the user's authority to operate the equipment.

"Made for iPod" and "Made for iPhone" mean that an electronic accessory has been designed to connect specifically to iPod or iPhone respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod or iPhone may affect wireless performance

iPod and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries.

This product complies with the radio interference requirements of the European Community. A copy of the EC declaration of Conformity is available in the Portable Document Format (PDF) version of the user manual at www.philips.com/support.

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

When this crossed-out wheeled bin symbol is attached to a product it means that the product is covered by the European Directive 2002/96/EC.

Please inform yourself about the local separate collection system for electrical and electronic

Please act according to your local rules and do not dispose of your old products with your normal household waste. Correct disposal of your old product helps to prevent potential negative consequences for the environment and human health.

Your product contains batteries covered by the European Directive 2006/66/EC, which cannot be disposed with normal household waste. Please inform yourself about the local rules on separate collection of batteries because correct disposal helps to prevent negative consequences for the environmental and human health.

All unnecessary packaging has been omitted. We have tried to make the packaging easy to separate into three materials: cardboard (box), polystyrene foam (buffer) and polyethylene

Your system consists of materials which can be recycled and reused if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging materials, exhausted batteries and old equipment.

The type plate is located inside the stand foot of the docking speaker.

## Specification

### Specifications Amplifier Total Output Power $2 \times 5$ W RMS Signal to Noise Ratio >60 dBA 0.6 V RMS 22 kohm MP3 Link

### Bluetooth Bluetooth Standard Version 2.1+EDR Standard Output power 4 dBm (Class 2) 2.402 ~ 2.480 GHzISM Band Frequency band 10 m (free space) Range

General information	
Power supply -AC Power	Model: \$018KB0900200 (Philips); Input: 100-240 V ~ 50/60Hz, 500mA; Output: 9.0 V === 2000 mA
-Battery power	4 × AA batteries
Operation Power Consumption	<18 W
Eco Standby Power Consumption	<0.5 W
Max. load for iPod/iPhone	5 V === 1 A
Dimensions	
- Main Unit (W $\times$ H $\times$ D)	311 × 111 × 37.6mm
Weight	
- Main Unit	0.28 kg
