

Philips  
Multimedia Speakers 2.1

USB, Micro SD, FM  
Bluetooth  
60W

MMS2260B

## Music, Movies & Entertainment

With a bass-rich 60 W output, the MMS2260 Bluetooth speakers are perfect for listening to music or watching movies on your laptop, desktop or TV. Front-facing controls and USB/Micro SD connectors make it easy to Plug and Play.

### Contemporary design

- Designed for style - looks as good as it sounds

### Listen with pleasure

- Convenient speaker-front volume and power control

### Rich, complex sound

- 60W RMS total output power
- Subwoofer for deep bass plus satellites for clear highs

### Simplicity

- Works with any Bluetooth-enabled device
- USB and SD card slots for photos and music playback
- FM tuner for radio enjoyment

**PHILIPS**

# Highlights

## Designed for style

Cool design adds personality to your living space.

## 60W RMS total output power

RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

## Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient.

The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

## Subwoofer + satellite speakers

The audio system is separated into a subwoofer that is optimized to reproduce bass frequencies and satellite speakers that are optimized for mid- and high-range frequencies. The result is a system that powerfully reproduces the full range of audio frequencies from deep bass to crystal clear high notes with the minimum of distortion.

## Speaker-front control

Convenient speaker-front volume and power control

## FM tuner

The built-in FM tuner lets you enjoy your favorite songs or news from your radio station every day. Simply tune into the station that you want to listen.

## USB and SD card slots

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more music and photos via the USB and SD card slots.

# Specifications

## Loudspeakers

- Satellite speaker drivers: 3"
- Subwoofer driver: 6.5"
- Subwoofer impedance: 8 ohm
- Speaker Impedance: 4 ohm

## Audio system

- Speaker output power: 30 W
- Subwoofer output power: 30 W
- Output power in total: 60 W RMS
- Frequency range: 20 Hz to 20 KHz
- Signal/Noise ratio: >65 dB
- THD: 10%

## Audio systems L/R channels

- Channel separation: >40 dB

## Tuner/Reception/Transmission

- FM frequency range: 87.5 to 108 MHz

## Connectivity

- Bluetooth version: 4.2
- Bluetooth range: Line of sight, 10M or 30FT

## Dimensions

- Satellite: W10.5 x D10.4 x H17 cm
- Subwoofer: W29.9 x D34.4 x 29.9 cm
- Packaging dimensions (WxDxH): 24 x 40.6 x 46.5 cm
- Product weight: 5.83 kg
- Weight incl. Packaging: 6.8 kg

## Power

- Power supply: 230VAC, 50Hz

## Accessories

- Included accessories: User Manual, Warranty Card, Remote Control with QWERTY, 2 RCA to stereo-1 no. cable

## Remote Control

- Volume control
- Power on/off button

## Compatibility

- Works with: most Bluetooth smartphones
- other Bluetooth-enabled device
