Highlights

3m cable

A handy cable length to make it easier for you to move freely around while using your headphones.

40 mm speaker driver

The 40 mm speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.

Easy adjustable headband

The easily adjustable mechanism provides a comfortable close fitting acoustic seal between the ear cushion and ear, ensuring optimal performance.

Gold-plated adaptor

Be assured of a perfect connection and high-quality sound regardless of whether your audio devices are fitted with 3.5 or 6.35 mm jack sockets.

Full size design

Full-size earshells not only cover your whole ear for better sound quality, but also provide space for a larger, higher performance driver.

LC-OFC cable

The extremely pure copper used for this cable minimizes transmission losses and delivers superb signal quality to the headphone, and pure sound to your ears.
