Highlights

Philips/Georg Jensen design

Designed together with Georg Jensen, this compact Bluetooth speaker is simple yet striking. The polished-steel top plate contrasts beautifully with the tactile Kvadrat speaker fabric. Discreet brand signatures nod subtly to Philips and Georg Jensen.

Kvadrat speaker fabric

This speaker is covered with a premium speaker fabric created by high-end manufacturer Kvadrat. The beautiful wool-blend material is acoustically transparent, allowing the sound to flow freely from the speaker into the room.

20 hours play time

The battery gives you 20 hours play time from a full charge, and the wireless range is up to 20 m. You can pair with an identical Philips Georg Jensen speaker to enjoy your music in stereo. Simply press the speaker-pairing button.

At home anywhere

Home, office, or dinner party—the contrasting design always makes a beautiful impression. The Kvadrat speaker fabric has the added bonus of making the speaker easy to grip when you pick it up. Charging the speaker takes 6 hours, via the included USB-C cable.

Power-bank function

There's a handy USB-A port on the speaker that lets you use the speaker to charge a smart device. Bluetooth pairing is simple, and the speaker remembers the last device it was paired with.
