## Enjoy powerful music wirelessly wherever you go

The Philips Portable CD Sound Machine is a powerful sound system you can take with you everywhere. It frees your music with wireless One-Touch NFC connectivity for effortless Bluetooth pairing. Or play back your tunes on USB, CD and MP3-CD.

### Enjoy your music from different sources

- Stream music wirelessly via Bluetooth™ from your smartphone
- USB Direct for MP3 music playback
- Play MP3-CD, CD and CD-R/RW
- More music with Digital FM radio with 20 stations preset

### Easy to use

- One-Touch with NFC-enabled smartphones for Bluetooth pairing
- Handy remote control for extra convenience
- CD Shuffle/Repeat for personalized music enjoyment
- 20-track CD programmable
- Stereo headphone jack for better personal music enjoyment

### Powerful sound you can hear and feel

- Bass Reflex Speaker System delivers a powerful, deeper bass
- Dynamic Bass Boost for deep and dramatic sound

**PHILIPS**

# Highlights

## Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

## NFC technology

Pair Bluetooth devices easily with one-touch  
NFC (Near Field Communications)

technology. Just tap the NFC enabled smartphone or tablet on the NFC area of a speaker to turn the speaker on, start Bluetooth pairing, and begin streaming music.

## USB Direct for MP3 music

USB Direct for MP3 music playback

## Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system

extends the overall low frequency sounds to create a whole new dimension of deep bass.

## Handy remote control

With a handy remote control for greater convenience at your fingertips, all you have to do is sit back and relax.

# Specifications

## Audio playback

- Playback media: CD, CD-R, CD-RW, MP3-CD
- Disc playback modes: fast forward/backward, next/previous album search, next/previous track search, repeat/shuffle/program
