# Highlights

## MySound profiles

Sound perception is subjective, and everyone has their own listening preference. MySound brings personality back to every conversation by allowing you to choose the audio profile that best matches your sound preferences: Clear – to make voices sound crisper and clearer; Soft – for friendly, softer tones; Warm – to make voices sound welcoming and warm.

## Keypad backlight

Keypad backlight for fast access even in dark room

## Caller ID

Sometimes it is good to know who is calling before you answer. And our Caller ID lets you keep track of who is on the other end of the line.

## Contoured handset design

Designed for maximum in call comfort the handset fits naturally against the curve of your face.

## Non-slip grip

The rear of the handset is treated with a special texture for added comfort and better grip.

## Silence mode

Value your privacy and quiet at home? Easily disable the ringtones for specific "no call" times to enjoy piece and silence.

## Up to 15 hours talk time

Up to 15 hours of conversation on a single charge.

## Up to 25 min. recording

Up to 25 minutes message on your answering machine

## 4.6cm (1.8") graphical display

Large, 4.6cm (1.8") full graphical display

## Eco-conscious model with ECO+

Philips phones are energy efficient and designed to be respectful to the environment. When ECO mode is activated the emitted radiation is reduced by up to 60%, and up to 95% when the phone is charging. With ECO+ mode activation the radiation drops to zero.

## Handset speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.
