- **Master carton weight:** 9.0 kg
- **Packaging type:** D-box
- **Packaging dimensions (W × H × D):** 336 × 282 × 145 mm
- **Product dimensions (W × H × D):** 270 × 32 × 188 mm
- **Product weight:** 1.3 kg

## Product highlights

### Play DVD/DivX® & MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theatre Systems.

### Share picture CD (JPEG)

Multi-format playability allows you to view images on the go and play most disc formats for maximum disc compatibility and viewing pleasure.

### Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed 'bright dots' by the LCD industry. A limited number of bright dots was once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used for our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

### USB 2.0 and SD card slot

Enjoy high-speed and convenience accessing more capacity to transfer photos, videos and MP3 music files by using USB 2.0. You also have more capacity to store photos, videos and MP3 music files on your portable DVD player by inserting an SD card into the specially in-built SD card slot.
