15-minute recording time

Records up to 15 minutes of incoming messages

XHD sound

No matter where you are, you can have a phone conversation that is free from noise, with incredible loudness and sound purity in the voice. Thanks to a high-quality speaker, sophisticated technology and to a real acoustic chamber, you can enjoy the unbelievable sound quality in every phone conversation.

Enhanced speakerphone

Combine a high quality speaker, sophisticated signal processing, a real acoustic chamber and full duplex handsfree and you'll get the most natural reproduction of a conversation. Both sides can speak and be heard at the same time, like in a face-to-face conversation.

Unique "soft touch" feel

Unique "soft touch" feel

White backlit inverse display

The white characters are displayed clearly on the black backlit display of your phone.

Exclusively crafted design

Bring a joy not only to your ears but also to your eyes, with an exclusively crafted design.

SIM-card copying facility

With the SIM-card copying facility, you can transfer your whole mobile-phonebook on to your home telephone in a matter of seconds.
