Highlights

External microphone included

With a separate external microphone, you have the freedom to place it where it best picks up your voice for relaxed on-line video chatting.

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

Stable mount

The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

Compatible with all software

The webcam works with all available free and professional imaging software. Take a snapshot or a still picture from your video and open it with any image program.

Compatible with all services

The webcam and its software have been designed with all instant messaging services in mind. Add video to Skype, Windows Live Messenger, Yahoo! Messenger, AOL Instant Messenger and other services.
