Warranty card

USB cable

Headset

Installation CD

The line adaptor may not be attached to the line cord. In this case, you have to connect the line adaptor to the line cord first before plugging the line cord to the line socket.

In multihandset packs, you will find one or more additional handsets, chargers with power supply units and additional rechargeable batteries.

WARNING Always use the cables and batteries that came with your phone.

1 Connect
Connect the base station

1. Place the base station in a central location near the telephone line socket and electricity sockets.
2. Connect the line cord and the power cable to the proper connector at the back of the base station.

Connect the power supply **A**
Connect the line cord to the line socket **B**
3. Connect the other end of the line cord to the telephone line socket and the other end of the power cable to the electricity socket.

2 Install
Insert batteries and charge

Insert batteries

Charge handset for 24 hours

Set date and time
1. Press ☐ **MENU**.
2. Scroll ☐ to **Clock & Alarm** and press ☐ **SELECT**.
3. Press ☐ **SELECT** to enter **Set Date/Time**.
4. Enter current time (HH:MM) and current date (DD/MM/YY) and press ☐ **OK**.

Now, you are ready to use your phone.

USB connection
For the installation of USB software, please refer to p.16 of SE730 user manual and p.17 of SE735 user manual.
