Refer to your new phone's User Manual for details about the answering machine function.

Troubleshooting

For more information, please refer to the User Manual that came with your phone.

Problem	Solution
• There's no dialling tone!	• Check the connections • Charge the batteries • Use the line cable provided
• Caller cannot hear me clearly!	• Move closer to the base station • Move the base station at least one metre away from any electrical appliances
• SEARCHING... is displayed on handset and ☇ icon is blinking!	• Move closer to the base station • Reset your unit and restart the handset registration
• Caller number is not displayed!	• Check your subscription with your network operator

Quick Start Guide

*You may find in the box the line adaptor delivered separately from the line cable. **In this case, you have to connect the line adaptor to the line cord first before plugging the line cord to the line socket.**
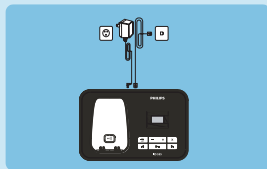

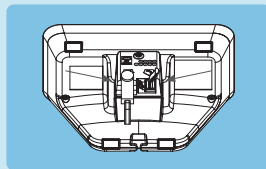

In multihandset packs, you will find one or more additional handsets, chargers with power supply units and additional rechargeable batteries.

WARNING Always use the cables and batteries that came with your phone.

1 Connect
Connect the base station

1. Place the base station in a central location near the telephone line socket and electricity socket.
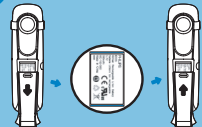

2. Connect the line cord and the power cable to their corresponding connectors at the back of the base station.
3. Connect the other end of the line cord and power cable to their respective sockets.

2 Install
Insert rechargeable batteries and charge

A Insert batteries

B Charge handset for 24 hours

Configure your phone (if necessary)
After installing the batteries and charging your phone for a few minutes, your phone displays a Welcome message in various languages:
1. Press ⊟ SELECT.
2. Scroll 🔘 to your country and the associated language.
3. Press ⊟ SELECT to confirm your selection.
Your phone is now ready for use.

3 Enjoy
