

Philips  
Internet/DECT phone

VOIP2510B

# Experience Skype freely

## Additional handset

The VOIP251 is a DECT telephone which allows the user to make worldwide free or low cost calls via Skype. Its DECT technology allows the phone to work cordlessly even at a long range (till 300 meters), working either on a PC or a MAC.

### Enjoy Skype on a cordless phone

- Free calls worldwide
- Use it anywhere in your house
- An additional line at home

### Easy to install and use

- 2-click installation
- Direct access to your contacts
- PC and Mac compatible

# Highlights

## Free calls worldwide

Use your VOIP phone to call via Skype wherever you are. With Skype you can enjoy making free calls all over the world to any other Skype users. Skype, SkypeOut are trademarks of Skype Limited.

## Use it anywhere in your house

Thanks to its cordless design and to the DECT functionality, it is possible to phone my family and my friends from anywhere in my house.

## An additional line at home

Enjoy having a new line at home. Thanks to the cordless design and the Skype presence on the handset, you will use the handset as a normal DECT phone in your home.

## 2-click installation

Enjoy an easy installation of your product. Thanks to a specific installation wizard, the installation is extremely simple and requires only 2 clicks from the end-user to be successful.

## Direct access to your contacts

Thanks to a short press on a handset key, it is possible to directly access to my contacts.
