Philips
Clock Radio

FM, Digital tuning
Dual alarm
Time & alarm backup

AJ4300W

Start your day, your way!

Wake up the right way with dual alarms for you and your partner, with FM tuning presets so you can both wake to your favorite radio shows, or even a wakeup buzzer. Use the included USB port to charge any mobile device.

Start the day your way
- Wake up to your favorite radio tune or a buzzer
- Repeat alarm for additional snooze
- Dual alarm to wake you and your partner at different times
- Gentle wake for a pleasant wake up experience
- FM digital tuning with presets

Easy to use
- Battery back-up ensures memory of time during power failure
- Adjustable display brightness for comfort viewing
- Sleep timer for easy falling asleep to your favorite music
- USB port to charge any mobile device

**PHILIPS**

Highlights

Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Repeat alarm
To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.

Dual alarm

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other time to wake up your partner.

Gentle wake

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

FM digital tuning with presets

Digital FM radio offers you additional music options to your music collection on your Philips audio system. Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

Battery back-up

Battery back-up ensures memory of time during power failure

Sleep timer

Sleep timer lets you decide how long you want to listen to music, or a radio station of your choice, before falling asleep. Simply set a time limit (up to 1hour) and choose a radio station to listen to while you drift off to sleep. The Philips radio set will continue to play for the selected duration and then automatically switch to a power-efficient and silent stand-by mode. Sleep Timer lets you fall asleep to your favourite radio DJ without counting sheep, or worrying about wasting power

Specifications

Clock
- Type: Digital
- Display: LED
- Time format: 12H, 24H

Alarm
- No. of alarms: 2
- Alarm source: Buzzer, FM radio
- Snooze (repeat alarm): Yes, 9mins
