

Philips  
Cordless phone

25 min answering machine  
1.6" display/amber backlight

**D1651B**

## Keep it simple

The Philips D165 Cordless Phone with a built-in answering machine packs essential functions in a fresh and engaging design. Excellent sound reproduction and easy plug-and-play lets you enjoy every conversation with great clarity and ease.

### Nice and simple

- Up to 25 minutes of messages on your answering machine
- Ultimate convenience through easy setup
- Textured back cover for non-slip grip
- Menu in multiple local languages
- Easy to read 1.6" (4.1 cm) display with backlight
- Up to 10 hours' talk time on a single charge
- Caller ID – so you always know who is calling\*

### Crystal clear sound

- The Parametric Equaliser delivers pure and clear sound
- Automatic Volume Control offsets unwanted volume variation
- Optimised antenna layout for great reception in any room
- Advanced sound testing and tuning for superb voice quality

### Eco-conscious product

- Low radiation and power consumption

# PHILIPS

# Highlights

## 4.1 cm (1.6") display

Easy to read 1.6" (4.1 cm) display with backlight

## Advanced sound testing

We test the sound quality of our DECT phones the same way as high-end headphone manufacturers do. Using an advanced ear simulator, we can accurately re-create the way people actually hear. This helps our acoustic engineers to measure and fine-tune things like frequency response, distortion and overall hearing perception, to create perfect voice reproduction.

## Automatic Volume Control

Automatic Volume Control offsets variations in sound signal, which can be caused by distance, signal strength or the caller's phone — so what you hear always remains consistent. Reducing the audio amplification for strong signals, and increasing it for weak ones, means you can enjoy a smooth conversation without unwanted sound volume variation.

## Caller ID\*

Sometimes it's good to know who's calling before you answer. And our Caller ID lets you keep track of who's on the other end of the line.

## Easy setup

Ultimate convenience through easy set up.  
Simplified installation - Plug and Play product

## Eco-conscious product

Philips phones are energy efficient and designed to be respectful to the environment.

## Menu in local languages

Enjoy easy setup, navigation and control with intuitive menu available in local languages.

## Non-slip grip

The rear of the handset is treated with a special texture for added comfort and better grip.

## Optimised antenna layout

Our optimised antenna layout ensures strong and stable reception, even in areas of the house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

# Specifications

## Convenience

- Menu structure in the handset: List Menu
- Signal strength indicator: 3 bar indicator
- Battery level indicator: 3 bar battery icon
- Date/Time display
- Programmable hot keys: Key 1 and 2
