Total control simplified

Full functionality with only the keys you need

It's time to put away all those remotes controls! The Prestigo SRU6008 controls up to 8 devices in one and presents the keys you need, easily accessible via the LCD screen. Setup your Prestigo via computer and enjoy your home entertainment.

Intuitive navigation
• Easy access to specific functions via the 1.5" LCD screen
• Backlit buttons to control your devices in the dark

Fast, easy access to your entertainment
• Activities to control multiple devices

Simple and easy setup
• Control any device of almost any brand
• Software updates via internet
• Easy computer setup in a few simple steps, on Windows or Mac

PHILIPS

sense and simplicity

Highlights

Control virtually any device

The Prestigo infrared code database with over 300.000 devices allows you to control virtually every device on the market today, regardless of model or brand. Via the computer setup, the correct infrared code will be selected for your devices in the database.

3.8 cm (1.5") LCD screen

The remote features a 3.8 cm (1.5") (96 x 64 pixels) LCD display. Less frequently used buttons are available via the display, so you can add your own buttons or remove the ones you don't need.

Activity based control

Start your home entertainment activities with one touch of a button instead of controlling each individual device in separate steps. Simply press the activity button like 'Watch a movie' and the Prestigo will automatically switch on the different devices, such as the TV, DVD player and Home theater system, to watch a movie.
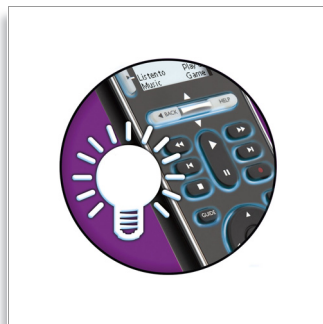

Future Proof

The Philips Configo software automatically informs you about online updates for your Prestigo. The Configo software will download the updates and take care of the installation.

Easy computer setup

Connect your Prestigo remote to your PC or Mac via USB for an easy computer setup in your language. Customize any functionality in a few simple steps.

Backlit keys

The illuminated keypad makes it easy to control all your devices, even in the dark.
