Dimensions

- **Master carton dimensions:** 205 x 305 x 300 mm
- **Master carton quantity:** 4
- **Master carton weight:** 4.29 kg
- **Packaging dimensions (W x H x D):** 278 x 190 x 68 mm
- **Packaging type:** D-box
- **Product dimensions (W x H x D):** 156 x 31 x 150 mm
- **Product weight:** 0.89 kg

Product highlights

Play DVD/DivX® & MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theatre Systems.

MP3-CD, CD and CD-RW music

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

Share picture CD (JPEG)

Multi-format playability allows you to view images on the go and play most disc formats for maximum disc compatibility and viewing pleasure.
