- Share your recordings on Facebook, Twitter and email

## The most singing fun ever

- Sing in perfect rhythm with on-screen lyrics
- Pick up a song easily with guiding vocals
- Always hit the right notes with Auto-Tune®

**PHILIPS**

# Highlights

## High-sensitivity microphone

Everyone's got the voice to sing and everyone wants to sing loud and clear. With Philips high-sensitivity Bluetooth® microphone, you can rest assured that every little detail of your vocal performance is picked up. Sensitivity and dynamic range matter when it comes to choosing a microphone because you want your voice to sound equally great in soft ballads and yelling rock numbers.

## Wireless and detachable mic

To impress your friends and family, body language is part of the show. Who wants to be tied down by a wired microphone these days? With Philips wireless and detachable microphone, you're free to improvise your signature moves or strike a pose that complements the lyrics. Leave it on its stand to free both hands. Or detach the microphone from its stand and incorporate it in your dance routine.

## Bluetooth®-enabled speaker

A good microphone picks up every detail of your voice. Now you need good speaker to reproduce what a microphone picks up. This speaker boasts an output of 2 x 5W, to render your vocals in full fledge and exceptional details. Dock your iPad, start singing and be wowed by your voice that sounds better than ever. This speaker also plays music from your Smartphone or tablet via Bluetooth® technology.

## Free hit songs

StarMaker Karaoke + Auto-Tune® app comes with free hit songs, as starters. You can always

download the latest songs from the song library and expand yours.

## Battle mode

Share the most singing fun ever with family and friends! Switch over to battle mode and challenge them to a vocal competition. StarMaker Karaoke + Auto-Tune® app will deliberate and score you on criteria like pitch, rhythm, range and voice quality.

## Online sharing

Recording artists have their demos recorded in professional studios. Now you can do it at home because StarMaker Karaoke + Auto-Tune® app turns your iPad into a mixing board! Record your song and post your audio recordings online to let others appreciate your talented performance. A score is given to every song you sing and you also have the option to post on Facebook, Twitter and email.

## Large song library

StarMaker Karaoke + Auto-Tune® app comes with free hit songs. Of course, you have the option to expand you library with in-app purchase. Be it the latest chart-toppers, oldies or classics, there's something for everyone.

## On-screen lyrics

Want to sing in sync with the band without missing a beat? You always will because StarMaker Karaoke + Auto-Tune® app shows lyrics of each song on screen with a changing colour guide. Just follow the cue and you'd sing the rhythmic swing perfectly. It's fun and easy.

## Guiding vocals

You like the song, but you're not very familiar with it. Not a problem at all because StarMaker Karaoke + Auto-Tune® app has a guiding vocals function for you to pick it up easily. Sing along with the pros until you make it. You may even turn the guiding vocals up or down to your liking.
