

Philips
Wireless stereo speaker

Bluetooth® and NFC

USB port for charging
Rechargeable battery

SB365B

Stream your music and charge your smartphone

This speaker, SB365, delivers superb sound in great style. Stream music from your phone wirelessly over Bluetooth for effortless enjoyment. It also charges any smart device using USB.

Crystal clear sound

- Wireless music streaming via Bluetooth
- Bass Reflex Speaker System delivers a powerful, deeper bass

Advanced versatility

- USB port for charging other devices
- Built-in rechargeable battery for music playback anywhere

Simplicity in use

- Audio-in for easy connection to almost any electronic device
- One-Touch with NFC-enabled smartphones for Bluetooth pairing

PHILIPS

Highlights

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game music wireless on this speaker easily.

NFC technology

Pair Bluetooth devices easily with one-touch NFC (Near Field Communications) technology. Just tap the NFC enabled smartphone or tablet on the NFC area of a speaker to turn the speaker on, start Bluetooth pairing, and begin streaming music.

Built-in USB port

This speaker comes with a USB port, allowing you to conveniently charge your device. Simply connect your device with its USB cable to the back of the speaker.

Audio-in

Audio-in for easy connection to almost any electronic device

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.
