- Wireless game pad for hassle-free fun

Play your movies, music and photos on the go

- DVD, DVD+/-R, DVD+/-RW, (S)VCD, CD compatible
- MP3-CD, CD and CD-RW playback
- View JPEG images from picture disc

Extra touches for your convenience

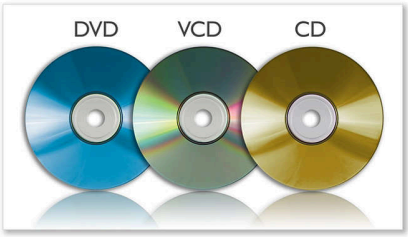
- AV adaptor included
- Car adaptor and mounting strap included
- Up to 2.5 hours of playback with a rechargeable battery
- Full Resume on Power Loss

Highlights

View JPEG from picture disc

Play JPEG photos that are saved on your disc. Relive your favorite moments with family and friends anytime you want!

DVD, DVD+/-RW, (S)VCD, CD



The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD drive that can accept both of the common recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

Power Resume

The DVD-Video player remembers where you stop watching last time when it is powered off directly or when the power supply discontinued. If you did not switch to play another disc, your player will resume play where you have stopped the movie last time just by reloading the disc. Making your life a lot easier!

18 cm/7" TFT color LCD display

The high resolution color LCD display brings images to life, showing off your treasured photos, favorite movies and music with the same 'real life' rich detail and vibrant colors as high quality prints.

Wireless game pad

Unlike other game consoles that use cables, this player comes with an infrared, wireless game console to free you up and let you enjoy hours of hassle-free fun.

Specifications
