Highlights

Bring the beats

With powerful sound and big, pumping bass, this powerful speaker can fill the room with beats. Up to 7 hours of play time from a single charge lets you rock the tunes all night.

Blaze to the music

Get everyone up and dancing with party light effects. Coloured lights on the speakers pulse in time to the music, flash in different orders or stay on with a steady glow.

Sing it. Play it.

Mic inputs (6.3 mm) let you take the party up a notch. Sing to a playlist or MC your own event. You can even fade out the vocals of a song you're singing along to, so only your voice is heard. Fun karaoke effects give you the ability to add an echo and delay to your performance!

Take the party with you

The built-in trolley handle and wheels mean you can play wherever you like. Take the tunes to a friend's house. Set it up on the basketball court.

Big sounds, easy pairing

With Bluetooth, USB, AUX and TF card inputs, your music is always ready to go. Connecting with your Bluetooth device is simple. The wireless range is 10 m.
