Highlights

IPX4 splash/sweat resistant

With an IPX4 rating and powerful 6 mm drivers, these headphones let you enjoy great sound in any weather. Fully splash resistant, they won't mind a little sweat and you don't need to worry about getting caught in the rain.

Super-small charging case

Hit the road with multiple charges in your pocket. You get up to 6 hours play time from a single charge, plus 12 extra hours from a fully charged case. A short 15-minute charge in the case gives you an hour of play time. A full charge of the case takes 2 hours via USB-C.

Secure, comfortable in-ear fit

You get real comfort thanks to soft, interchangeable silicone ear-tip covers. The ear-tips on each earbud insert securely into your ear canal, creating a perfect seal that diminishes external noise. The 'hockey stick' form factor keeps each earbud secure.

Mono mode

Taking a lot of calls? You can double your talk time by using one earbud while the other one charges. The mic is automatically assigned to the earbud you're using, and you simply swap over when your current earbud is running low on battery.

Easy control and pairing

Controls on the earbuds let you pause your playlist, take calls, control volume, and wake your phone's voice assistant. The headphones are ready to pair the instant you switch on Bluetooth.
