

Philips
Clock Radio

Big display

AJ3540

Big display clock radio

A practical clock radio with super big display for easy reading, come with two independent alarms -one for you, one for your partner. Wake to radio or buzzer to start the day on time.

Everything you need

- Big display for easy viewing
- Dual alarm to wake you and your partner at different times
- AM/ FM tuner for radio enjoyment

Easy to use

- Easy clock set for instruction-free time and alarm setup
- Wake up to your favorite radio tune or a buzzer
- Sleep timer for easy falling asleep to your favorite music
- Repeat alarm for additional snooze

PHILIPS
sense and simplicity

Highlights

Big display

The large display enables easy readability of the content on the screen. Now you can read the time and alarm easily, even from a distance. It is ideal for the elderly or the visually restricted.

Dual alarm

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other time to wake up your partner.

AM/ FM tuner

AM/ FM tuner for radio enjoyment

Easy clock set

The time and alarm are so easy to set up that referring to the Quick Start Guide or

Instruction For Use may not be necessary. Simply refer to the Clock radio's silkscreen buttons to set the time and alarm.

Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Sleep Timer

Sleep timer lets you decide how long you want to listen to music or a radio station of your

choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.
