- · Handset speakerphone allows you to talk handsfree

Benefit from pure convenience

- 4.57 cm (1.8") display with amber backlight
- · Caller ID- see who is calling
- 100-name phonebook
- Up to 15 hours talk time

Save Energy

- Low power consumption: < 0,6W in stand-by mode
- EcoMode: reduced transmission power between handset and base

Highlights

Sound perception is subjective and everyone has

MySound provides you with three distinctly different profiles in your choice of sound to give you the

ultimate listening experience: Clear - for making the

voices very crisp and clear Soft - for a more friendly

and soft voice Warm - for making the voice sound

Handsfree mode uses a built-in loud speaker to

the call with others or simply multitask.

amplify the voice of the caller, allowing you to speak

and listen during a call without holding the phone to

your ear. This is especially useful if you want to share

their individual listening preference, therefore

MySound

welcoming and warm.
