- Tape Recording Enhancement: CD Synchro Start Recording
- Recording Media: Tape

## Convenience

- Display Type: LCD

## Connectivity

- 3.5mm stereo line in: (MP3 LINK)

## Power

- Battery type: LR14
- Battery voltage: 1.5 V
- Number of batteries: 6
- Mains power: 110 - 127V, 220 - 240V selectable

## Accessories

- Included accessories: AC Power Cord, User Manual, Warranty certificate

## Dimensions

- Packaging dimensions (W x H x D): 320 x 275 x 175 mm
- Product dimensions (W x H x D): 292 x 142 x 243 mm
- Weight: 2 kg
- Weight incl. Packaging: 2.4 kg

# Highlights

## Play MP3-CD, CD and CD-R/RW

MP3 stands for "MPEG 1 Audio layer-7.6 cm (3")". MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

## Autostop cassette deck

Autostop cassette deck

## Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

## CD Shuffle/Repeat

The "Shuffle/Repeat" function helps you to get rid of the boredom of hearing your music played in the same order all the time. After loading your favorite songs to the player, all you have to do is to select one of the modes - "Shuffle" or "Repeat" for your tunes to be played in different modes order. Enjoy the different and unique music experience every time you hook up to your player.

## MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.
