? Frequently asked questions

No signal bar is displayed on the screen.

- The handset is out of range. Move it closer to the base station.
- If the handset displays **[Unregistered]**, register your handset (see the section on “Register additional handsets”).

If I fail to pair (register) the additional handsets to the base station, what do I do?

Your base memory is full. Access **MENU** > **[Services]** > **[Unregister]** to unregister the unused handsets and try again.

I have chosen a wrong language which I cannot read, what do I do?

- 1 Press  to go back to the standby screen.
- 2 Press **MENU** > **OK** to access the main menu screen.
- 3 The following options will appear on the screen:

[Phone setup] > [Language]
[Réglages] > [Langue]
[Config. tel.] > [Sprache]

- 4 Select them to access the language options.
- 5 Select your own language.

My handset is in searching status, what do I do?

- Make sure that the base station has power supply.
- Register the handset to the base station.
- Move the handset closer to the base station.

I cannot change the settings of my voice mail, what do I do?

The voice mail service is managed by your service provider but not the phone itself. Contact your service provider to change the settings.

No display

- Make sure the batteries are charged.
- Make sure there are power and phone connections.

The handset on the charger does not charge.

- Make sure the batteries are inserted correctly.
- Make sure the handset is placed properly on the charger. The battery icon animates when charging.
- Make sure the docking tone setting is turned on. When the handset is placed correctly on the charger, you can hear a docking tone.
- The charging contacts are dirty. Disconnect the power supply first and clean the contacts with a damp cloth.
- Batteries are defective. Purchase new ones with the same specifications.

Bad audio (crackles, echo, etc.)

- The handset is nearly out of range. Move it closer to the base station.
- The phone receives interference from the nearby electrical appliances. Move the base station away from them.
- The phone is at a location with thick walls. Move the base away from them.

The handset does not ring.

Make sure the handset ringtone is turned on.

The caller ID does not display.

- The service is not activated. Check with your service provider.
- The caller's information is withheld or unavailable.
