- Input sensitivity: 450 mV

Highlights

Sit on the top or stand alone

The SoundBar clips on top of your notebook screen so you can listen to music when you are on the go AND save space at the same time. Simply fix it onto your notebook, plug in the USB cable and off you go! When you have finished, wrap the USB cable in the slot around the SoundBar and store it back in its pouch.

USB plug for power and play

With plug-and-play convenience, the USB cable plugs directly into any USB port and your notebook automatically recognizes this as a removable USB mass storage device.
