Highlights

Multimedia headset included

Included with your webcam is a Philips multimedia headset. The head mic ensures optimum sound quality and comfortable use.

30 frames per second skype

With a 30 frames per second you will enjoy natural-looking and full motion video calls without jumpy images. This is the same refresh rate that Skype uses and makes video chatting a much more enjoyable experience.

VGA resolution

VGA (640 x 480) means around 300,000 pixels are used to create the total image. This VGA resolution ensures sharp images for use in documents, webpages and e-mails.

Automatic Picture Optimizer

The Automatic Picture Optimizer helps you get the most out of your webcam by automatically adjusting the camera and image settings to match the light available.

Rotating lens

Rotating lens for perfect aiming and natural images. You can get the right camera angle quickly and easily without having to put things underneath it to change the tilt.

Stable mount

The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

Installation manager

Install your webcam in seconds with the handy Installation Manager. Just follow the easy, step by step instructions and you'll have the webcam set up to match your computer perfectly.

Compatible with Skype

The webcam and its software have been designed with Skype and other messaging systems in mind. Add video to Skype, MSN Messenger, Yahoo!, AOL Messenger and other free messaging services. It also works with Windows Messenger and NetMeeting for multi-person video-conferencing and is designed to be future-proof.

Compatible with all software

The webcam works with all available free and professional imaging software. Take a snapshot or a still picture from your video and open it with any image program.

Snapshot button

With just one press of this button, your webcam takes a picture automatically. It's a fun way to share your pictures by adding them to e-mails, web pages or their respective owners.

VLounge software basic

Software for capturing, managing and archiving snapshots and video clips in a very convenient way. With just a couple of mouse clicks you will be able to create and send Video mails. This software package gives you all you need to take full advantage of your Philips webcam.

VLounge QuickLaunch button

To start up the VLounge application, simply press the QuickLaunch button
