- Pouch

Power

- Battery Type: Built-in battery
- Battery lifetime: Up to 5 hrs*

Dimensions

- Master carton dimensions: 225 x 270 x 245 mm
- Master carton quantity: 3
- Master carton weight: 3.9 kg
- Packaging dimensions (W x H x D): 233 x 251 x 70 mm
- Product dimensions (W x H x D): 195 x 39 x 153 mm
- Packaging type: D-box
- Product weight: 0.77 kg

Highlights

MP3-CD, CD and CD-RW playback

MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. A single CD can store up to 10 hours of music.

5-hour built-in battery*

This Philips player comes with a compact built-in rechargeable battery for long-lasting power. Up to 5 hours of continuous movie, photo and music playback enjoyment can be achieved on a single charge. Just plug in the power cable to recharge the player - it's that simple.

Car mount pouch

Mount your portable DVD player easily onto your car headrest. You can enjoy DVD movies on the road.

18 cm/7" swivel col. LCD panel

7" swivel color LCD panel for improved viewing flexibility

DivX Certified

With DivX® support, you are able to enjoy DivX® encoded videos. The DivX media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, and DVD recordable discs.

Enjoy 16:9 widescreen movies

Display and share your movies and digital photos with your friends and family. The 16:9 widescreen aspect ratio is standard for universal to high-definition digital television. A native 16:9 aspect ratio means video display without bars at the top and bottom of the picture and without the quality loss than comes from scaling, altering an image to fit on a different screen size.
