User manual, quick start guide,
guarantee

Caution

- Use only the supplied batteries and power adapter.

1 Get started

Connect the charger

Connect each end of the power adapter to:

- the DC input jack at the back of the extra handset charger;
- the power socket on the wall

Configure your phone

- 1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.
- 2 When using your phone for the first time, you see a welcome message (country dependent).

3 Please set the country and language if prompted.

4 Set the date and time.

- If the time is in 12-hour format, press **INT** to select **[am]** or **[pm]**.

Charge your phone

Charge 8 hours

Place the handset on the charger to charge the handset. When the handset is placed correctly on the charger, you hear a docking sound.

→ The handset starts charging.

Note

- Charge the batteries for 8 hours before first use.

Check the battery level

Icon	Status
	When the handset is off the base station/charger, the bars indicate the battery level (full to low). When the handset is on the base station/charger, the bars flash until charging completes.
	The empty battery icon flashes and you hear an alert tone. The battery is low and needs recharging.

2 Register the handsets

You can register additional handsets to the base station. The base station can register up to 5 handsets.

Auto registration

Place the unregistered handset on the base station.

- ↳ The handset detects the base station and registers automatically.
- ↳ Registration is completed in less than two minutes. The base station automatically assigns a handset number to the handset.

Manual registration

- 1 Select **[Menu]** >  > **[Register]**, then press **[OK]** to confirm.
- 2 Press and hold  on the base station for 5 seconds.
- 3 Enter the system PIN. Press **[Clear]** to make corrections.
- 4 Press **[OK]** to confirm the PIN.
 - ↳ Registration is completed in less than 2 minutes. The base automatically assigns a handset number to the handset.

Note

- If the PIN is incorrect or no base is found within a certain period, your handset displays a notification message. Repeat the above procedure if registration fails.
- The preset PIN is 0000. No change can be made on it.
