Highlights

1080p transmission

1080p transmission allows you to enjoy HDTV the way it was designed. The transmission is achieved by not compressing or compromising the signal in any way, allowing a 100% accurate image.

3 inputs / 1 output

Connect three digital source components to one TV and switch automatically between them.

No signal loss

High quality construction and digital signal transfer ensure the absence of signal degradation, so you enjoy the best quality picture and sound.
