- Weight: 0.345 kg
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -20°C to 70°C

Power

- Power supply: 100-240VAC, 50/60Hz
- DC output Volt: 9 V
- Power mode supported: AC powered
- DC output Ampere: 1 A
- Power consumption: (System on) 5.6 W

Packaging dimensions

- Packaging dimensions (W x H x D): 26.1 x 22.2 x 7.8 cm
- Nett weight: 0.6 kg
- Gross weight: 0.799 kg
- Tare weight: 0.199 kg
- EAN: 87 12581 50159 4
- Number of products included: 1
- Packaging type: Carton

Outer Carton

- Outer carton (L x W x H): 28.3 x 24.3 x 18.8 cm
- Nett weight: 1.2 kg
- Gross weight: 2.1 kg
- Tare weight: 0.9 kg
- GTIN: 1 87 12581 50159 1
- Number of consumer packagings: 2

Highlights

imagen Pro for vibrant colors

The unique Philips imagen enhancement technology automatically analyzes your photos to correct color and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more color accuracy, color depth and smart contrast. On top of these, imagen Pro offers enhanced skin color, sharper images and flicker-free photo viewing which is very important for still pictures.

RadiantColor

RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the color on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

Automatic slideshow

Automatic slideshows start from any USB drive or memory card for all those moments you don't want to spend time copying photos to your PhotoFrame.

Auto orientation

Automatic landscape/portrait recognition employs a sensor that recognizes PhotoFrame orientation and displays each photo in its proper mode.

Multiple-photo collage effect

It's a slideshow effect to show photos in collage form that automatically and randomly compiles different photos together to avoid unattractive borders that may result from photos which are smaller than the screen size.

Auto on/off display

A timer turns PhotoFrame on and off at the hours you select, reducing energy consumption for the sake of our environment saving up to one third of your PhotoFrame energy costs.
