Eco-friendly

- 60% reduction of radiation when ECO mode is activated

PHILIPS
sense and simplicity

Highlights

4.5 cm/1.8" TFT color display

High contrast, 4.5 cm / 1.8" TFT color display

Easy phone book download

Easily download contacts from your mobile or PC phone book

ECO mode

60% reduction of radiation when ECO mode is activated

Large phonebook

Save up to 1200 contacts with 3200 numbers

Up to 45 min. recording

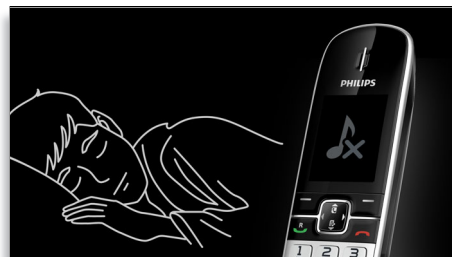

With up to 45 minutes recording time, you'll never miss an important message.

Baby monitor

Receive an alert when your baby needs you. Just place the DECT handset in the baby room and receive an alert on your base or on another DECT phone (i.e.. another landline number) or mobile phone (when you're out) when the baby starts to cry.

Silence mode with filtering

Value your privacy and quiet at home? Easily disable the ringtones for specific "no call" times to enjoy piece and silence. An additional filtering function allows any number chosen from the phone book to still ring when calling, making sure that only "right" people can reach you.

All calls on one phone

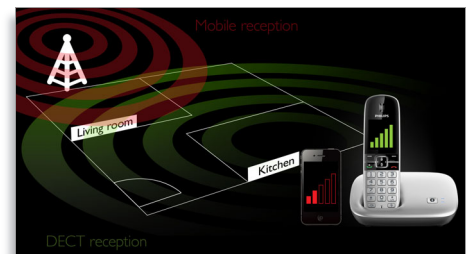

All calls on one phone: Easily connect up to two mobile phones to your MobileLink enabled home phone via Bluetooth and enjoy the convenience of managing all your fixed and mobile calls on just one smart device. It informs you which line an incoming call is coming from and lets you choose which line to use for an outgoing call.

Barr calls to selected numbers

Avoid expensive phone bill surprises by blocking calls to specific numbers, to numbers starting with certain digits, for example pay per call numbers, or to specific area codes.

Clear mobile calls everywhere

Say goodbye to missed calls, dropped calls and poor conversation quality due to mobile network black spots. Just place your mobile phone where mobile reception is strongest and link them up with your new phone's MobileLink enabled base unit. Now you can enjoy excellent quality phone calls – anywhere around your home or office. Best of all, you can charge your mobile phone while you're talking.
