

Philips  
Micro music system

• 100 W

MCM3000

## Rich and powerful sound

### Obsessed with sound

The trendy Philips Micro music system sets the pace with sound that is detailed and full of powerful bass—thanks to the wOOx technology. Connect via USB Direct to listen, or play from CDs and MP3-CDs and enjoy the rich audio delivered.

#### Unlimited listening pleasure

- USB Direct for MP3/WMA music playback
- Play MP3/WMA-CD, CD and CD-RW
- MP3 Link for portable music playback

#### Enrich your sound experience

- wOOx™ loudspeaker Technology for deep and powerful bass
- Dome tweeter for detailed and natural sound
- Digital Sound Control for optimised music style settings
- Dynamic Bass Boost for deep and dramatic sound
- 100 W RMS total output power

#### Easy to use

- Motorised CD loader for convenient access
- Radio Data System for station information and data services
- Wake-up and sleep timer functions

# PHILIPS

# Highlights

## wOOx™ Technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer than any other audio system. Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

## Radio Data System (RDS)

The Radio Data System (RDS) lets you tune into radio stations without having to remember the frequencies. In standard mode, RDS displays the station name instead of the transmission frequency, facilitating quick and easy tuning. RDS also allows stations to send text messages such as news and station information directly to the radio display. Commonly used in Europe, RDS text is sent out on the same frequency the radio station broadcasts on. You can choose either the basic RDS display (station name) or subscribe to additional text-based services.

## Dome tweeter

Dome tweeters reproduce clear high and mid-range frequencies that enhance the overall sound clarity coming from the speakers. Delivering a harmonious blend of undistorted and uncoloured wide-ranging sound, they offer detailed vocal clarity and instrument tone purity, thereby balancing the overall sound when paired with a combination of woofers.

## Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classical controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

## Dynamic Bass Boost

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can

enjoy consistent sound even when you turn down the volume.

## Play MP3/WMA-CD, CD and CD-RW

Audio compression technology allows large digital music files to be reduced up to 10 times in size without radically degrading their audio quality. MP3 or WMA are two of the compression formats that let you enjoy a world of digital music on your Philips player. Download MP3 or WMA songs from authorised music sites on the Internet or create your own MP3 or WMA music files by ripping your audio CDs and transferring them onto your player.

## USB Direct

With the USB Direct mode, you can simply select the music on a USB device and play back all your content. All you have to do is plug in your USB device to play back music or export content from the device.

# Specifications

## Sound

- Output Power: 2 x 50 W RMS
- Sound Enhancement: Digital Sound Control 4 modes, Dynamic Bass Boost, Loudness

## Loudspeakers

- Loudspeaker types: Dome tweeter
- Main Speaker: wOOx Bass Radiator, 2-way

## Audio Playback

- Playback Media: CD, CD-R, CD-RW, MP3-CD, WMA-CD
- Disc Playback Modes: 20-Track Programmable, Repeat/one/all/programme, Shuffle Play, Fast Forward/Reverse, Next/Previous Track Search
- ID3-tag support
- Loader Type: Tray, Motorised
- USB Direct Modes: Fast Reverse/Fast Forward, Play/Pause, Previous/Next, Programme Play, Repeat, Shuffle, Stop

## Tuner/Reception/Transmission

- Tuner Bands: FM Stereo
- Auto digital tuning
- RDS: Station Name, Programme Type
- Station presets: 20
- Tuner Enhancements: Auto Store

## Connectivity

- USB: USB host
- Rear Connections: AUX in

- Headphones: 3.5 mm
- 3.5 mm stereo line in: MP3 Link
- Other connections: FM Antenna

## Convenience

- Alarms: CD Alarm, Radio Alarm, USB alarm
- Clock: On main display
- Display Type: VFD display
- Sleep timer

## Accessories

- Included accessories: FM antenna, AC Power Cord, World Wide Warranty leaflet
- Cables: MP3 line-in cable
- Remote control
- Quick start guide: English, German, Dutch, French, Spanish, Italian
- User Manual: 16 languages

## Power

- Power supply: 220-240 V, 50 Hz

## Dimensions

- Set dimensions (W x H x D): 230 x 141 x 230 mm
- Main speaker dimensions (W x H x D): 139 x 259 x 210 mm
- Packaging dimensions (W x H x D): 512 x 305 x 276 mm
- Weight incl. Packaging: 6.8 kg
- Set weight: 5.7 kg
