PUSH YOUR LIMITS

In-ear sports headphones

Philips Actionfit DigDeep sports headphones stay firmly in your ears so you can stay focused on your workout. With a unique stability ring for a more secure fit, your music stays locked in, to keep you in the zone.

Intensity

- High performance sound pushes you further
- Get immersed in your workout with noise isolation

Freedom

- Extreme comfort for training: 4.3gm ultra light headphones
- Stability ring creates a more secure fit in the ear
- 3 ear tip sizes for the optimum fit
- Cable clip included for tangle-free workout

protection

- Ideal for intense workouts with IPX4 water resistance
- Kevlar[®] reinforced cable for ultimate durability

PHILIPS

Sports headphones
Best for indoor use Sweat/ water proof, In Ear

SHQ2400BL/00

Highlights

3 ear tip sizes

Your ActionFit headphones come with 3 pairs of ear tips of different sizes, so you get the best possible fit.

High performance sound

8.6mm drivers pump out high performance sound, pushing you to perform at your best.

Noise isolation

In-ear headphones create a tight seal in the ear canal, resulting in a high-impact noise isolation effect. Meanwhile ergonomic acoustic tubes ensure an optimal fit.

Stability ring for secure fit

No dropouts. A rubberized stability ring on the headphones housing locks them in place in your ears.

Tangle-free workout

A cable clip keeps the wires out of your way while you push yourself harder.

Ultralight design

Your ActionFit headphones weigh in at a mere 4.3gm, making them ultra lightweight and a

pleasure to wear. In fact, you will hardly feel them when you're working out - just the superb, powerful sound that keeps you focused and motivated.

Extra durable Kevlar® cable

Your ActionFit headphones are designed for durability and strength. Its Kevlar-coated cable is well protected against tearing and breaking, and can withstand extreme environments - and workouts.

Sweatproof and waterproof

Don't be afraid to break a sweat, or venture into the elements. With an IPX4 rating, you can get sweaty and work out in the rain without any moisture entering the earpiece.
