Highlights

2.5D High Clear Tempered glass
2.5D Plasma sprayed high tempered glass with a 92% high transparent, water and oil repellent finish. The processed glass with a 9H hardness, provides an easy application, touch sensitive protective surface.

Crystal-clear screen protector
The crystal-clear film adds an invisible layer of protection against scratches and dust to your device's display screen. It works using static adhesion, so it's easy to apply and remove without leaving any sticky residue.
