- Compression format: MP3, PCM
- MP3 bit rates: 32-256 kbps and VBR

Still Picture Playback

- Playback Media: Picture CD
- Picture Compression Format: JPEG
- Slide show: with music (MP3)

Tuner/Reception/Transmission

- Tuner Bands: FM Stereo
- Auto digital tuning
- Auto store
- Number of Preset Channels: 20

Connectivity

- Other connections: Analog audio Left/Right in, Digital coaxial in, FM Antenna
- Video Output - Analog: Component Y Pb Pr (cinch), S-Video (on Hosiden), Composite CVBS (yellow cinch)

Convenience

- Child Protection: Parental Control
- Remote Control: Multi-functional

Power

- Power supply: 110-240V, 50/60 Hz
- Standby power consumption: < 1 W

Loudspeakers

- Satellite Speaker: Magnetically shielded front
- Satellite speaker freq range: 120-20000 Hz
- Satellite speaker impedance: 6 ohm
- Satellite speaker drivers: 1" conical dome tweeter, 3" mid range woofer
- Subwoofer freq range: 30-120 Hz
- Subwoofer impedance: 3 ohm
- Subwoofer driver: 6.5" high efficiency woofer

Accessories

- Included accessories: Video Cable, Audio Cable, AC Power Cord, Interconnect cable, FM antenna, Remote Control, Wall mounting bracket, Screws for wall mounting x2, User Manual, Quick Use Guide, Warranty certificate

Highlights

Award winning flat design

Award winning flat design, for wall mount or table top

Small and elegant

Small and elegant user interface

SonoWave

The SonoWave surround sound system, powered by a full multi-channel amplifier, uses an advanced digital sound processing technology that provides multi-channel surround sound from fewer speakers. By positioning independent drivers at precise angles, a powerful multi-channel surround sound is produced and experienced in any room shape and size.

Multi-format DVD player

Multi-format DVD player

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Clean & neat cable management

The clean and clever cable management system allows you to manage your cable connections through an ergonomically designed interface.
