- Ultimate convenience through easy setup
- Easy to read, 4.1cm (1.6") dot-matrix display
- Save up to 50 favorite contacts in your phonebook
- Up to 16 hours of talk time

Eco-conscious product

- Up to 95% reduction of emitted radiation in charging mode
- Low power consumption: < 0,6W in stand-by mode

PHILIPS

Cordless phone
1000-series 1.6" display/ amber backlight, Speakerphone, 2 handsets

Highlights

Advanced sound testing

We test the sound quality of our DECT phones the same way as high-end headphone manufacturers do. Using an advanced ear simulator, we can accurately re-create the way people actually hear. This helps our acoustic engineers to measure and fine-tune things like frequency response, distortion and overall hearing perception, to create perfect voice reproduction for both handset and handsfree modes.

Parametric Equalizer

Our telephones use parametric equalization in the digital sound processing to fine-tune the sound response back to the intended linear frequency response curve, delivering sound that is pure and clear, for each conversation.

Acoustic echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

Handset speakerphone

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

4.1cm(1.6") dot-matrix display

Easy to read, 4.1cm (1.6") dot-matrix display

Easy setup

Ultimate convenience through easy set up.
Simplified installation - Plug & Play product

50-name phone book

Always have the phone numbers of your loved ones available: Save up to 50 names in your phonebook.

Optimized antenna layout

Our optimized antenna layout ensures strong and stable reception – even in areas of the house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

Low power consumption: < 0.6 W

Philips phones are energy efficient and are designed to be respectful to the environment. Now the power consumed in stand-by mode is less than < 0.6 W.

Specifications

Packaging dimensions

- Packaging dimensions (W x H x D):
18,5 x 13,6 x 10,4 cm
- Nett weight: 0,502 kg
- Gross weight: 0,65 kg
- Tare weight: 0,148 kg
- EAN: 87 12581 64173 3
- Number of products included: 1
- Packaging type: Dummy
- Type of shelf placement: Dummy

Sound

- Volume control on handset
- Ringtones on handset: 10 polyphonic

Picture/Display

- Display size: 4.1cm / 1.6"
- Display type: 1-line dot matrix + 2 line icons
- Backlight: Yes
- Backlight color: Amber

Convenience

- Speakerphone - talk handsfree
- Menu structure in the handset: List Menu
- Signal strength indicator: 3- bar indicator
- Battery level indicator: 3- bar battery icon
- Date / Time display
