Highlights

AirStudio+ Lite App

Available from the Apple App store and Google Play, the App automatically detects mobile and other compatible devices connected to your home Wi-Fi network, giving you instant control of your music. Control music playback, volume and sound settings, as well as online music services and Internet radio from any device, anywhere.

4 audiophile-grade drivers

The speaker features two tweeters and two Hi-Fi mid-range drivers. These top-quality components are optimally positioned in order to perfectly deliver dynamically immersive sound.

Online music service

Getting a subscription to online music services is one of the best ways to get your hands on a variety of music, including the latest releases. You can also access music anytime, anywhere, as long as there is an Internet connection. With the Philips Wireless Hi-Fi, you don't even need to turn on your computer to enjoy the online music service.

Internet radio stations

The Fidelio Wireless Hi-Fi lets you enjoy more than 30,000 online radio stations from all across the globe. Expand your musical horizons by discovering great stations by genre or by country, or pick your favourite stations from the vast selection available right at your fingertips. It's super easy too – every Fidelio Wireless Hi-Fi features direct access keys to any station.
