? Frequently asked questions

My handset displays [Searching] or [Unavailable], or [Unregistered], what do I do?

- Make sure that the base station has power supply.
- The handset is out of range. Move it closer to the base station.
- The handset is not paired with the base. Register the handset to the base station.

If I fail to pair (register) the handset or additional handsets to the base station, what do I do?

- Your base memory is full. Access **MENU** **OK** > **[Services]** > **[Unregister]** to unregister the unused handsets and try again.
- If registration fails, unplug the power adapter from the base station and plug it back. Wait for 15 seconds, and then repeat the registration procedure.

I have chosen a wrong country in Welcome screen, what do I do?

Reset your phone settings to the original factory settings (see the section on “Restore default settings”).

I have chosen a wrong language which I cannot read, what do I do?

- 1 Press  to go back to the standby screen.
- 2 Press **MENU** **OK** to access the main menu screen.
- 3 The following options will appear on the screen:

[Phone setup] > [Language]
[Config. telef.] > [Idioma]
[Telefon-Setup] > [Sprache]
[Réglages] > [Langue]

- 4 Select them to access the language options.
- 5 Select your own language.
