- Built-in clock function
- Mains or battery operated for flexible placement
- Large backlit LCD display for easy viewing in low light
- Low battery indicator keeping you informed of power level
- Direct preset keys for quick access to stored radio stations

PHILIPS

Highlights

Built-in clock

A built-in clock keeps time accurately. When the radio is off, the clock display comes on for added convenience.

Large backlit LCD display

Backlit LCD display ensures easy viewing and operation in low light conditions, and provides clear information at a glance.

Stereo headphone jack

Connect your own headphones with this Philips device for a more personal listening experience whenever you want it. You can enjoy your favourite music in great sound without disturbing others by connecting your headphones to this device.

Low battery indicator

The low battery indicator lights up when the power is low.

Mains or battery operated

Power your Philips radio set with batteries or a direct mains supply, and enjoy great convenience and flexibility. When a power socket is not available or when you don't want unsightly wires trailing, simply operate the set with batteries. When you need a continuous and stable power supply, connect the set directly to a wall socket. Now you can truly enjoy the freedom of listening wherever you like.

FM/MW tuner

FM/MW (AM) stereo tuner

Direct preset keys

Direct preset keys for quick access to stored radio stations

Built-in speaker

A speaker offers good sound quality for more pleasure.
