PHILIPS

Specifications

Highlights

CIF resolution snapshots

An image taken at CIF resolution produces an image of 352 by 288 pixels, meaning a small file size but with enough detail for fun snapshots for e-mailing and adding to web pages.

CIF at 30 fps video quality

Record with VGA (640x480) resolution at 30 frames per second video quality.

XP Plug & Play

If you're a Windows XP end-user, you do not need to install product drivers before starting to use this PC peripheral / product.

V-mail software

Get started with sending video clips to friends and family in v-mails made using the software supplied.

Video chatting

On-line video chatting (communication) over a distance
