DCP850

## Enjoy your videos from iPod, DVD and SD card

Enjoy your DVDs and iPod videos on a 21.6 cm (8.5") wide swivel screen. The sleek and compact Philips DCP850 also features a SD/MMC memory card reader, which allows you to view digital photos or DivX movies stored on your memory card.

### Enjoy your videos and photos from multiple sources

- Play and charge your iPod simultaneously
- 8.5" swivel color LCD panel for improved viewing flexibility
- Play DVD, DVD+/-R and DVD+/-RW, (S)VCD, DivX<sup>®</sup> & MPEG4 movies
- SD/MMC card slot for movies and photos viewing

### Immerse in ultimate AV entertainment

- Watch movies in 16:9 widescreen format
- Zero Bright Dot™ screen for optimal screen quality
- Dolby Digital for ultimate movie experience

### Designed for your on-the-go convenience

- Slim and lightweight design thanks to a built-in battery
- Single remote control for the system and iPod
- AC adaptor, car adaptor and AV cable included

**PHILIPS**

# Highlights

## Play and charge your iPod

Enjoy your favorite MP3 music while charging your iPod! The dock lets you connect your iPod directly to the Docking entertainment system so you can listen to your favorite music in superb sound. It also charges your iPod while it plays so you can enjoy your music and not have to worry about your iPod battery running out. Use the remote control to navigate, select and playback the music stored on your iPod. The Docking entertainment system automatically charges your iPod while it is docked.

## Play DVD, DivX and MPEG4

With DivX<sup>®</sup> support, you are able to enjoy DivX<sup>®</sup> encoded videos in the comfort of your living room. The DivX<sup>®</sup> media format is an MPEG4-based video compression technology

that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX<sup>®</sup> CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

## SD/MMC card slot for movies

View and share your video clips, photos and music — easily and instantly. For ultra convenience, the player features a built-in card slot for SD/MMC memory cards. Simply insert the memory card into the slot located on the side of the player to access your multimedia files stored on the card.

## Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD

displays commonly have imperfections, termed as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

## Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

# Specifications

## Picture/Display

- Display screen type: LCD TFT
- LCD panel type: Anti-glare polarizer
- Diagonal screen size (inch): 8.5 inch
- Resolution: 480(W)x234(H)x3(RGB)
- Brightness: 200 cd/m<sup>2</sup>
- Contrast ratio (typical): 250:1
- Effective viewing area: 187.2x105.3mm
- Pixel pitch: 0.13 (W) x 0.245 (H)
- Response time (typical): 30 ms
