Packaging Data

- 12NC: 908210004496
- EAN/UPC/GTIN: 87 10895 88526 3
- Gross weight: 0.283 kg
- Tare weight: 0.241 kg
- Height: 190 mm
- Length: 150 mm
- Width: 90 mm
- Quantity: 1

Outer Carton

- 12NC: 908210004496
- EAN/UPC/GTIN: 87 10895 88554 6
- Gross weight: 2.6 kg
- Tare weight: 2.348 kg
- Quantity: 6
- Length: 325 mm
- Width: 295 mm
- Height: 230 mm

Highlights

Automatic Picture Optimizer

The Automatic Picture Optimizer helps you get the most out of your webcam by automatically adjusting the camera and image settings to match the light available.

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

Gooseneck

This strong and flexible neck is the perfect compliment to your laptop webcam. Move it exactly where you want it and it stays there! Once you're ready to move, you can neatly curl it or fold it up in any shape - making it even more convenient to tuck away in any bag.

Super VGA resolution

The webcam captures Video Graphics Array (VGA) quality (640x480) snapshots and flicker-free video clips for video mails. With VGA resolution, your webcam becomes a professional level camera. Add high quality photos to documents, webpages and e-mails in an instant, or print out photo-quality images.

VLounge software basic

Software for capturing, managing and archiving snapshots and video clips in a very convenient way. With just a couple of mouse clicks you will be able to create and send Video mails. This software package gives you all you need to take full advantage of your Philips webcam.

Compatible with MSN and Skype

The webcam and its software have been designed with all messaging systems in mind. Add video to Skype, MSN Messenger, Yahoo!, AOL Messenger and other free messaging services. It also works with Windows Messenger and NetMeeting for multi-person video-conferencing and is designed to be future-proof.

Installation manager

Install your webcam in seconds with the handy Installation Manager. Just follow the easy, step by step instructions and you'll have the webcam set up to match your computer perfectly.

Integrated work light

Lights, camera, action! The webcam's handy built-in light can be used to illuminate your laptop's keyboard, making working in dimly lit areas more enjoyable. It also makes video chatting in low light possible.

Compatible with all software

The webcam works with all available free and professional imaging software. Take a snapshot or a still picture from your video and open it with any image program.

Sliding lens cover

A sleeve on the webcam's body smoothly slides over the lens when the webcam is not in use for extra protection. The cover also slides down to reveal and activate the handy keyboard light.
