

Philips SoClear  
Cordless phone

- 3000 series
- Silver

XL3901S

## Comfortable and simple

Easy to see, easy to hear

This comfortable and user-friendly phone has been specially designed to be simple to use. With extra-large buttons and a bigger screen, making calls is easy. And with extra loud sound capabilities, you can set the volume to suit you.

### Hear everything loud and clear

- Extra loud sound for clear voice reproduction
- Handset speakerphone allows you to talk hands-free
- Hearing aid compatible - reduces unwanted noise
- Optimised antenna layout for great reception in any room

### Smart, simple and easy to use

- Extra loud ringer, so you never miss a call
- Large display and easy to read characters
- Instantly call your loved ones via speed-dial keys
- Ultimate convenience through easy setup
- Up to 17 hours of talk time

### Eco-conscious product

- 60% reduction of radiation when ECO mode is activated
- Low power consumption: < 0.6 W in stand-by mode

**PHILIPS**

# Highlights

## Easy setup

Ultimate convenience through easy set up.  
Simplified installation - Plug and Play product

## Extra loud ringer

Extra loud ringer, so you never miss a call

## Extra loud sound

Extra loud sound for clear voice reproduction

## Handset speakerphone

Hands-free mode uses a built-in loudspeaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

## Hearing aid compatible

Hearing aid compatible - reduces unwanted noise

## Instant calling

Instantly call your loved ones via speed-dial keys

## Large, easy to read display

Large display and easy to read characters

## Optimised antenna layout

Our optimised antenna layout ensures strong and stable reception, even in areas of the

house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

## Up to 17 hours talk time

The phone can support up to 17 hours of conversation on a single charge.

## ECO mode

60% reduction of radiation when ECO mode is activated

## Low power consumption: < 0.6 W

Philips phones are energy efficient and are designed to be respectful to the environment. The power consumed in stand-by mode is now less than < 0.6 W.
