Highlights

Shock-absorbing case

This case is made out of thermoplastic polyurethane, which is a high-performance elastomer, to add both grip and shock-absorption in one unique case.

Wrap-around protection

The material of this case wraps around from back to front, providing protection for the corners and perimeter of your device's face.

Full iPad functionality

Enjoy full iPad functionality while protected inside the case, with openings for the power/sleep switch, dock connector and speaker.

Slim design

This case is designed to add protection with minimal bulk, so you can easily carry your device in your bag or backpack for protection on the go.
