Highlights

BASS boost button

These over-ear headphones boast powerful 40 mm neodymium acoustic drivers that give you crisp sound and rich bass. When you want more, simply press the BASS boost button and you'll feel the difference instantly.

29 hours play time

You get up to 29 hours play time from a 2 hour charge via USB-C. If you start running low on power, a quick 15 minute charge will keep the music playing for another 4 hours. The detachable inline cable lets you use these headphones wired, too.

Lightweight cushioned headband

Available in stylish matte colourways, these on-ear headphones boast a cushioned headband that's so light you'll barely feel it. The soft ear cups are clearly marked for left/right ears and can be angled until they feel just right.

Compact-fold design

Roll with the bass. The ear cups fold flat and swivel inwards for easy storage in your pocket or bag. Just fold them up and you're ready to go.

Multi-function button.

Don't like the current track? Skip it with a long press. Want to reject a call? A simple button press takes care of that. Smart Bluetooth pairing means these earphones remember the last devices they were paired with.
