Limited Edition 9000 Series

Skin-level closeness

Space-grade steel precision

Pressure Guard sensor

360 D Flexing heads

S9980/74

Superior closeness*, built to last

For superior closeness*, even on a 5-day beard

Ultimate durability with self-sharpening blades made of steel similar to that used in the aerospace industry, designed to stay sharp and resist even the toughest conditions. Enjoy skin-level closeness and personalised skin comfort day after day.

A closer shave

- Cuts in every direction with space-grade steel blades
- Skin-level closeness with Lift & Cut shaving system

SkinIQ technology

- Always the optimal pressure with the Pressure Guard Sensor
- 30% smoother** gliding with Nano SkinGlide Coating

For a convenient shave

- 60 minutes of cordless shaving once fully charged
- Adapts to your contours with 360 degree Flexing Heads
- Adjusts to your beard density with Power Adapt Sensor
- Deep cleaning in just 1 minute for hygienic shaving
- Enhance your shaving experience with Philips Shaving App***
- Choose a convenient dry or refreshing wet shave
- Made with care for you and the planet
- Click-on beard styler with 5 length settings

Highlights

Space-grade precision blades

Forged from high-performance, space-grade steel and designed to self-sharpen for 2 years, the 360 degree rotary blades cut hair in every direction, matching the natural hair growth.

Lift & Cut System

Our patented, unique Lift & Cut rotary technology lifts the hair gently out of its root before cutting it precisely at skin level close (up to 0.00 mm to the skin) without the blades even touching your skin.

Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalised shave that is just right for you.

360 D Flexing heads

Designed to follow the contours of your face and neck, this Philips electric shaver has fully flexible heads that turn 360 degrees for a thorough and comfortable shave.

Nano SkinGlide Coating

A protective coating lies between the shaver heads and your skin. Made of up to 250,000 micro-tech beads per square centimetre, improves gliding on skin by up to 30%***, to minimise irritation.

Power Adapt sensor

The electric shaver has an intelligent facial-hair sensing technology that reads hair density 500 times per second. The Power Adapt Sensor auto-adapts the cutting power for an effortless and gentle shave.

Personalisation via app

Perfect your shave by pairing your shaver with the Philips Shaving app. Shave by shave, track the progress of your skin, personalise your shave and master your technique for a shave that's as close as it is kind to skin.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10 x more effective than cleaning with water****. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet and Dry

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

Specifications

Accessories

Pouch: Travel case

SmartClick: Beard styler

Quick Clean Pod: Yes, 4 cartridges included

Power

Charging: 1 hour full charge, 5-min quick charge
